CHRIS KING

I am a Web Developer with over 15 years of professional experience. I enjoy learning new web technologies and finding creative solutions to tricky problems.

EXPERIENCE

FOUNDER / DEVELOPER

VanWalks

2021 - Present

- Created VanWalks as a React Native app, available in both app stores with in-app purchases
- Switched to a web only platform to reduce overhead and enable Stripe purchases, available at map.vanwalks.ca
- Did all coding, including many behind the scenes apps and tools
- Worked with a small team of freelancers for UI, branding, research, and content

LEAD DEVELOPER

Philanthropi

March 2019 - Nov 2021

- With a very small and remote team, built the front-end and back-end of the Philanthropi charitable donations platform
- The front-end is a React app hosted with S3 and CloudFront
- The back-end is API Gateway, Java Lambdas and DynamoDB

WEB DEVELOPER III - Contract

Amazon Web Services

August 2018 - Feb 2019

- Joined a team to build the front-end console for a new AWS service
- Integrated new and existing AWS APIs using React, Typescript, RxJS, and other internal AWS services
- General updates, error handling and debugging of the back-end Java API

SENIOR DEVELOPER

Dynamic Owl / Bonzai Intranet

Sept 2014 - Sept 2018

- Was the primary developer for Bonzai Intranet, an enterprise intranet solution built on Microsoft Sharepoint, serving 600,000+ daily users
- Planned and developed new features based on product owner's business requirements as well as customer feedback
- Maintained, tested and QA'd a codebase containing React, AWS serverless, as well as numerous Sharepoint libraries and APIs
- Rewrote the entire product from Angular to React
- Built and maintained tools used by developers and clients to assist with installation and customization of Bonzai
